Applicant: Addison Road South, LLC

COUNTY COUNCIL OF PRINCE GEORGE'S COUNTY, MARYLAND,
SITTING AS THE DISTRICT COUNCIL

ORDER TO REZONE
DEVELOPMENT DISTRICT PROPERTY, WITH
CONDITIONS, AND APPROVE A CONCEPTUAL SITE PLAN

IT IS HEREBY ORDERED, after review of the administrative record, that the decision of the Planning Board in PGCPB No. 05-186, to approve a development district zoning change proposed in a conceptual site plan, to rezone property from the R-55 to the M-U-I Zone, for the development of a mixed-use community (known as Addison Road South, Phase I) consisting of 83 single-family attached residences, 16 single-family detached residences, and 8 live/work units, on property described as approximately 17.13 acres of land in the R-55/D-D-O Zone, located on the west side of Addison Road and Rollins Avenue, approximately 2,500 feet south of its intersection with Central Avenue, Capitol Heights, is hereby:

AFFIRMED, and the rezoning of the subject property from the R-55 to the M-U-I Zone, together with the proposed conceptual site plan, are hereby

APPROVED, for the reasons stated by the Planning Board, whose findings and conclusions are hereby adopted as the findings of fact and conclusions of law of the District Council.

Affirmance of the Planning Board's decision is subject to the following conditions:

1. Detailed site plan approval is required prior to approval of final plat.
2. At the time of detailed site plan, the plans shall identify the location and width of all streets, including private streets, alleys, and drive aisles.

3. The Woodland Conservation Threshold for this site shall remain at 20 percent. Prior to certificate approval of the CSP, the worksheet on the TCP shall be revised to reflect the M-U-I zoning and the following note shall be added beneath it:

Per a condition of the Planning Board, the WCT for this site is 20%.

4. Development of this conceptual site plan shall be in compliance with an approved Type I Tree Conservation Plan (TCP I/15/05). The following note shall be placed on the Final Plat of Subdivision:

Development is subject to restrictions shown on the approved Type I Tree Conservation Plan (TCP I/15/05), or as modified by the Type II Tree Conservation Plan, and precludes any disturbance or installation of any structure within specific areas. Failure to comply will mean a violation of an approved Tree Conservation Plan and will make the owner subject to mitigation under the Woodland Conservation/Tree Preservation Policy.

5. Prior to the issuance of any permits which impact wetlands, wetland buffers, streams or Waters of the U.S., the applicant shall submit to the M-NCPPC Planning Department copies of all federal and state wetland permits, evidence that approval conditions have been complied with, and associated mitigation plans.
6. Prior to signature approval of the preliminary plan, the applicant shall determine the extent of the land that should be the subject of a Phase I archaeological investigation with the concurrence of the Development Review Division (DRD). The applicant shall complete and submit a Phase I investigation (including research into the property history and archaeological literature) for those lands determined to be subject. Archeological excavations shall be spaced along a regular 15-meter or 50-foot grid and excavations should be clearly identified on a map to be submitted as part of the report.
7. Prior to approval of a detailed site plan, the applicant shall submit Phase II and Phase III investigations as determined by DRD staff as needed. The plan shall provide for the avoidance and preservation of the resources in place or shall provide for mitigating the adverse effect upon these resources. All investigations must be conducted by a qualified archaeologist and must follow *The Standards and Guidelines for Archeological Investigations in Maryland (Schaffer and Cole: 1994)* and must be presented in a report following the same guidelines. Report editorial style shall follow the *American Antiquity* or *Society of Historical Archaeology* style guide.

8. Prior to signature approval of the CSP, the plans shall be revised to list the proposed uses as single family and live/work units. The commercial area of the live/work units shall be limited to commercial retail and office uses only.
