MEMORANDUM

TO: The Prince George's County Planning Board

VIA: Sherri Conner, Supervisor, Subdivision and Zoning Section
Development Review Division

FROM: Joseph Onyebuchi, Senior Planner, Subdivision and Zoning Section
Development Review Division

SUBJECT: Preliminary Plan of Subdivision 4-03118
Waiver of the Rules of Procedure and Reconsideration Request
Bellefonte

By letter dated May 29, 2019, Thomas Haller, representing Woodyard Road Associates LLC, requested a waiver of the Prince George's County Planning Board's Rules of Procedure (Section 10(a)), which requires that a reconsideration request be submitted no less than 14 calendar days after the date of notice of the final decision. In this case, the resolution of approval (PGCPB Resolution No. 04-63) was adopted by the Planning Board on April 29, 2004. If the waiver is granted, the applicant requests a reconsideration to delete Condition 18 due to an error in reaching the final decision caused by mistake, inadvertence, and other good cause, in furtherance of substantial public interest (Section 10(e)).

The preliminary plan of subdivision (PPS) approval (PGCPB Resolution No. 04-63) included Condition 18, requiring road improvements at the intersection of MD 223 (Woodyard Road) and Old Alexandria Ferry Road, as follows:

- 18. Prior to the issuance of any building permits within the subject property, the following road improvements shall (a) have full financial assurances, (b) have been permitted for construction, and (c) have an agreed upon timetable for construction with SHA:**

At the intersection of MD 223 (Woodyard Road) and Old Alexandria Ferry Road, the applicant shall widen the southbound approach from the existing one left turn lane and one through/right lane to two left turn lanes, on through land and one right turn lane. The applicant shall also widen the east leg of MD 223 to receive the double left turn lanes from southbound Old

Alexandria Ferry Road and widen northbound Dangerfield Road to create one exclusive left turn lane.

As set forth in the request, the applicant states that the traffic counts taken in April 2003 were erroneously inflated. The result was that a condition was imposed on the PPS to make improvements to an intersection that were not needed, and which could not be constructed due to insufficient right-of-way.

If the Planning Board grants the applicant's request for a waiver and reconsideration, staff will provide an analysis on the merits of the request at a later Planning Board hearing.
