SUBJECT: **Preliminary Plan of Subdivision 4-15002**
The Holladay Company's Addition to Brentwood
Extension Request

This preliminary plan of subdivision (PPS) was approved by the Planning Board on July 9, 2015 and the resolution of approval was adopted on July 30, 2015, (PGCPB Resolution No. 15-70). The PPS is valid through July 30, 2017. By letter dated July 28, 2017, Kevin Caillouet of Ben Dyer Associates, Inc., requests a one-year extension until July 30, 2018. This is the applicant's first extension request. The PPS was approved for eight lots.

Section 24-119(d) of the Subdivision Regulations authorizes the Planning Board to grant an extension to the normal expiration of a PPS:

- (5) An approved preliminary plan of subdivision shall remain valid for two (2) years from the date of its approval, unless an extension of the validity period is granted.**
 - (A) Extensions of the validity of an approved preliminary plan may be granted by the Planning Board provided:**
 - (i) The request is filed prior to the expiration of the preliminary plan approval;**
 - (ii) The preliminary plan remains in conformance with all the requirements of Subtitle 27 applicable to the subject property;**
 - (iii) Two (2) years is not sufficient time to prepare the final plat(s);**

(iv) The applicant is not unduly delaying the filing of the final plat(s);

Pursuant to the request received on July 28, 2017, (Caillouet to Hewlett), staff recommends that the Planning Board grant a one-year extension. The request was filed prior to the expiration of the PPS. The PPS remains in conformance with the applicable requirements of Subtitle 27, and the applicant indicates that two years has not been sufficient time to prepare the final plats, which is not due to delays caused by the applicant.

Staff recommends approval of a one-year extension, and if approved the PPS will be valid through July 30, 2018.
