STAFF REPORT

SUBJECT: Vacation Petition V-04008

Vacation of Lots 1 through 11, Parcel B and part of Berwick Road, as shown on the subdivision plat known as Marlton Woods, Plat Book VJ 159 at plat 68; and Lots 13, 14, 16, 17, 23 and 24 as shown on the subdivision plat known as Marlton Woods, Plat Book VJ 159 at plat 69, all recorded among the land records of Prince George's County, Election District No. 9.

OVERVIEW

The petitioners, WFC Flagship, LLC, and PIMB, Inc., request the vacation of part of Plat VJ 159, plat 68, and VJ 159, Plat 69, totaling 31.5147 acres, located on the north side of Old Colony Drive at the north ends of Margate Road, Wexford Road, and Berwick Road, east of Trumps Hill Road, in Upper Marlboro. Said street was originally dedicated to public use in 1991 to serve residential lots, part of which will be vacated by this petition. Subject street has never been improved or otherwise used by the general public.

SETTING

The property is in the R-E zoning classification. The majority of the surrounding area is characterized by residential single-family homes in the Marlton Subdivision. The subject area is heavily treed and will be used for tree conservation purposes.

FINDINGS AND REASONS FOR STAFF RECOMMENDATION

1. The public utilities and Prince George's County have been notified of this petition as required by Section 24-112(e) of the Subdivision Regulations.
2. The Department of Public Works and Transportation has consented to this petition as required by Section 24-112(1)(e) of the Subdivision Regulations.
3. The Washington Suburban Sanitary Commission (WSSC) has consented to this petition acknowledging that there is an existing 27-inch sewer line that needs to be protected by an easement. The petitioners must grant a 45-foot-wide easement to WSSC to protect the existing facility.

7. Petitioners are the owners of all land abutting street areas proposed to be vacated.

RECOMMENDATION: APPROVAL with the following condition:

1. The petitioner shall grant a 45-foot-wide easement to WSSC for the existing 27-inch sewer line within the property.
