

**66-027-24 Baker-Holliday House**

**5005 Huron Street**

**Daniels Park**

Built in 1907 for Annie and Robert Baker, the Baker- Holliday House is a two-and-one-half-story frame American Foursquare dwelling; its pyramidal roof is truncated to support a widow's walk. It is one of the earliest dwellings in the 1906 subdivision of Daniels Park and is a substantial example of a house type that was popular in the developing suburbs in the first decade of the twentieth century.
