

### **69-024-14 Crawford's Adventure Spring**

**Cheverly Nature Park,  
West of Belleview Avenue**

**Cheverly  
(Town of Cheverly)**

According to tradition, British soldiers stopped at this spring on August 25, 1814, in the course of their retreat from Washington, D.C. The spring is marked by a large beech tree in the Cheverly Nature Park, an area set aside as a park when Section 7 of the Town of Cheverly was platted in 1925.
