

70-031 Maple Shade
12400 Sir Walter Drive
Glenn Dale

Built in the eighteenth century, 1860 and 1890s, Maple Shade is a three-part frame farmhouse with a freestanding chimney of sandstone and brick, and an adjacent summer kitchen. It was built in several stages by successive generations of the Bowie and Addison family, the large side-gabled main section (pictured above) being the last constructed (1890s).
