Piscataway

Built in 1904, St. Mary's is a Gothic Revival style brick church with pyramidal-roof entry tower at the principal gable front and Gothic arch stained-glass windows. It was built by the Wyvill brothers of Upper Marlboro, who had built St. Mary's Catholic Church in that town in 1899. The Piscataway church was built to replace the original Catholic church of 1838 on the same site. It is adjoined by a large cemetery and by the new church built in the late 1980s. The historic church is significant for its architectural style and for its parish history as a seventeenth century-mission church ministering to the Piscataway Indians in the area.
