

87A-009 Connick's Folly and Cemetery

18807 Aquasco Road

Brandywine

Dating from 1857, this brick, common bond, five-bay, two-and-one-half-story, Federal-style dwelling and outbuildings were built for Clement R. Connick. The house is a rare late example of a mid-nineteenth-century Federal-style farmhouse in the county. Connick's Folly received its name as a result of the building material chosen by Connick; in the mid-nineteenth century, a brick house in lower Prince George's County was virtually unknown.
