Aquasco

Built circa 1850 and earlier, the H.B.B. Trueman House is a multi-section frame dwelling which includes a two-and-one-half-story, side-gabled plantation house with pedimented gable and Greek Revival style detail. This small dwelling was built for Henry B.B. Trueman circa 1850, and attached to a two-part, one-and-one-half-story dwelling which probably predates the main block. On the grounds stand a smokehouse and a blacksmith/ wheelwright shop. Two generations of the Trueman family operated the blacksmith/wheelwright shop, and this complex exemplifies the agricultural and industrial heritage of the county.
